

COVID

- Campers enrolled in our Program will undergo an Antigen Test (molecular buffer preferred) 48 hours before arriving in order to guarantee a safe coexistence in the camp.

INFO:

- A doctor will be available 24/h on call. (Extra Fee)
- Alcoholic cleaning gel will be available in each room and in public areas.
- Mask will be available in all common areas and will be compulsory when not exercising.

- In order to protect our campers and staff, PK complies rigorously with all the security, hygiene and cleaning protocols set by the local Government and the world health organisations. Our main objective is to ensure the health of all members of the Play Kosher family.

Thank you for understanding.
